

MCVAC EXPEDITES WATER SERVICE LINE INVESTIGATION PROGRAM

Drinking Water Requirements
for States and Public Water
Systems

Lead and Copper Rule

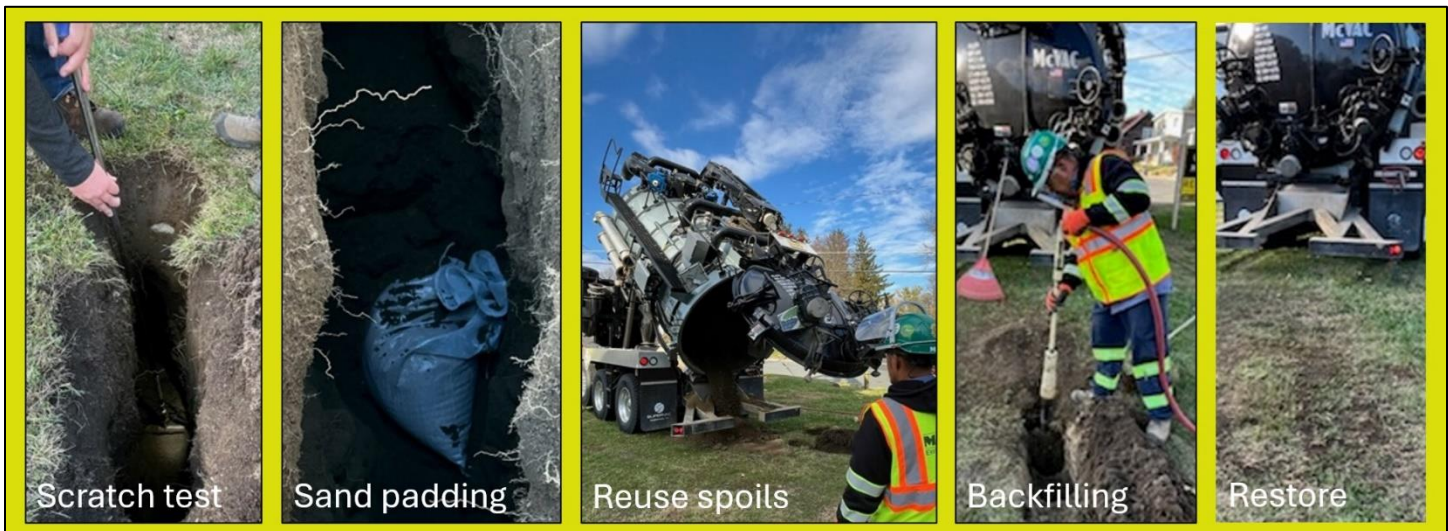

“A McVAC turnkey vacuum excavation crew mobilized to multiple locations daily to inspect water service lines at several National Guard facilities throughout eastern NYS and NYC Metro” commented Nora Dostie, P.M.

McVAC has completed over 15,000 potholes (usually at the curb valve) for MA / CT / NY / NJ municipalities as well as D.C. Water to investigate water service line materials in both grass and hardcover locations.
